

MULTI POLAR RF

Multipolar Radio Frequency is a non-invasive (no needles) heat energy treatment of the skin. The heat stimulates collagen deep in the skin causing contraction and new collagen formation over time. This results in firmer, tighter, and younger looking skin. Results are visible immediately and will keep improving over the next 1-3 weeks.

HOW IT WORKS

The Multipolar uses radio frequency energy that causes the water molecules in your tissues to twist and vibrate. This motion causes friction, which creates heat at very specific areas deep in your skin. This heat subsequently generates a focused wound healing response which begins after the first session and continues to repair itself for the next four months. The heat and red light realigns and regenerates collagen in your skin to replace ageing, sagging skin with fresher, younger skin. Multipolar RF generally tightens, smooths, and re-contours your skin from the inside out, which also rejuvenates your skin's firmness and texture.

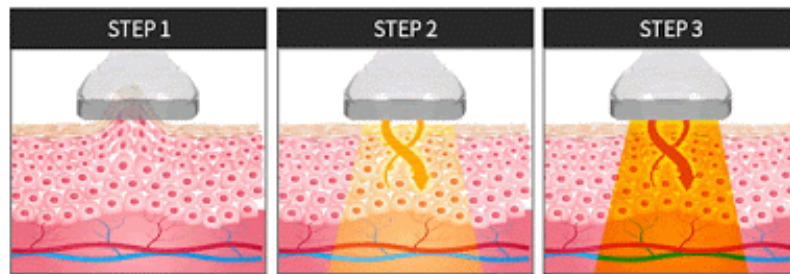

BENEFITS

- Results can be seen after the first session
- Tightens and smooths the skin
- Improves collagen
- Wrinkle reduction
- Improves acne scarring
- Minimises pores
- No downtime - you can continue with your normal daily activities
- Non invasive

WHAT CAN IT BE USED FOR?

- Wrinkle Reduction
- Acne scarring
- Crow's Feet
- Minimise Pores
- Jowls Forehead lines
- Laughter lines
- Upper and lower lip lines
- Sagging neck
- Double chin

Unlike the monopolar RF treatment, multipolar RF energy **targets only the specific area that you want to treat** - safer and hassle-free!

IS IT SAFE?

Yes, Multipolar Radio frequency is a painless treatment. Mild redness may appear occasionally but will be highly unlikely to cause any actual pain. The treatment is very pleasant and relaxing with a warm sensation and no pain. This treatment is a nonsurgical procedure with anaesthesia - it's non-invasive and no downtime should be experienced after the treatment.

HOW MANY SESSIONS DO I NEED?

1-3 sessions per week - Up to 6-10 sessions for maximum results.

Price quoted are excluding GST
